The Waterways Community room is a dedicated space for community and private events and parties. It was created under the original development plan for The Waterways and finally, after prolonged negotiations, completed in 2012.

The Waterways Residents Association (WRA) represents all 500+ households who live in the neighbourhood, whether owner occupiers, tenants or Greensquare shared owners. The Association formed a Community Interest Company (CIC) specifically to lease and manage the day-to-day operation of the Community room - now also known as Room 51.

The WRA CIC also publishes regular Waterways newsletters, maintains the website at [www.thewaterways.co.uk](http://www.thewaterways.co.uk) and organises several community events each year. All members are volunteers.

If you share our commitment to the community and could help us improve or expand our activities we would love to hear from you.
